EDUCATION NEWS FROM THE BIG I NH

2026 is going to be a big year for events at Big I NH! We have a lot of things in the works, one of which is our annual Professional Development Days series! We're still working on developing topics (and trivia fun), but mark your calendars for the first two events, both of which will be online for your convenience: **April 1 and June 24, 9 a.m. to 4 p.m.** Please stay tuned for class subjects and pricing. If you have any questions or concerns, or would like to suggest a class topic, please contact me at cara@biginh.com.

Cara Scala, Director of Insurance

WEBINAR UPDATES

Continuing education opportunities are one of the most important benefits that Big I NH provides, and we work hard to bring you courses that are relevant and interesting. In an effort to provide you with the best content possible, we

have started the large task of re-recording our on-demand webinar courses. While our current catalog has served us well, we recognize that many of these webinars need comprehensive updates on content and length. This process will take a lot of time and effort, but we are committed to creating classes with up-to-date information that address the coverage issues and other topics that are relevant to your work.

In order to facilitate this process, we have made the decision to discontinue sales of our current on-demand webinar catalog beginning on Jan. 1, 2026. Any webinars purchased

before this date will remain eligible for continuing education credits until Sept. 30, 2026.

Fear not, though! If webinars are your go-to choice for CE credits, we have other options for you. Through our expanded partnership with the Agents and Brokers Education Network (ABEN), we will still have webinars available for you to purchase. These webinars can be purchased individually, but we have also created two “bundle” options that will satisfy CE requirements for one discounted price. These webinars have all been vetted to meet ABEN’s high quality standards, and have been produced by other Big I State chapters, Big I’s Virtual University, and other professional insurance educators.

Our goal through this process is, as always, to give you the best options for obtaining CEs. Our partnership with ABEN will continue even when the re-recording process is done, and our options of self-study books, live classes and webinars, and Super CE Saturday will remain available, as well. If you have any questions or concerns, please feel free to contact Cara Scala, Director of Education, at cara@biginh.com.

The screenshot shows the homepage of the Big I New Hampshire website. At the top, there's a navigation bar with links for About, Education, Events, Get Involved, Government Affairs & News, Products, and Resources. On the far right of the nav bar are a 'Login' link and a search icon. The main header features the text 'SUPPORTING NEW HAMPSHIRE'S INDEPENDENT INSURANCE COMMUNITY' over a background image of a lake and autumn foliage. Below the header are two buttons: 'BECOME A MEMBER' and 'UPCOMING EVENTS'. The footer section has three main columns: 'Big I New Hampshire' with a 'Join Big I' callout, 'Education' with a description of licensing, CE, and training resources, and 'Events & Meetings' with a description of industry events and professional development opportunities.

A New And Improved biginh.com, And 2026 Education!

As you may already know, Big I NH's [new website \(biginh.com\)](#) has officially gone live! If you haven't already done so, please take the time to browse around and see what's new – it's a huge upgrade in content and organization, and we're very excited to share it with our members!

While you're checking out our new site, be sure to drop by the [new Education page](#) to see our updated info. We're still working out a few issues with online class booking and having an interactive education calendar, but we've posted the schedule for courses from January to June 2026; if you're interested in any of the classes, please [email Cara Scala \(cara@biginh.com\)](mailto:cara@biginh.com) for more information.

New Designation Series: Management Liability

We have a new designation series coming in 2026! We are proud to be offering the Management Liability Insurance Specialist (MLIS) series, which can be taken via live webinar, in person, and as a self-study option.

The MLIS designation is brought to you by the Insurance & Risk Management Institute (IRMI), which is the same organization that oversees the CRIS designation program. Focusing on coverages like Directors & Officers, Cyber, Fiduciary Liability, and EPLI, this designation is an excellent way to gain valuable expertise in areas that are often misunderstood by agents and insureds alike. Also – credits are earned based on attendance, so you don't need to pass an exam for the course to count towards your continuing education requirements!

Please check the education calendar for course availability. In Person classes will start in June 2026, but online classes are available starting in January 2026. If you have any questions or concerns, please [email Cara Scala.](#)
